WORK EXPERIENCE

Gen-Ai Data Analytics | Internship

2026 - 2026

TATA

Remote • kolkata

Executed **Exploratory Data Analysis (EDA)** to uncover and address **data quality issues**, including null values, missing records, and inconsistencies. Managed and maintained databases to ensure **data accuracy** and integrity. Utilized **Generative AI tools** to enhance data cleaning, optimize SQL queries, conduct error analysis, and streamline reporting, resulting in improved data preparation for analytics and machine learning.

Technologies / Skills Used : MongoDB, Express

Web Management | Internship

2026 - 2026

Deloitte

Remote • Australia

Developed an internal dashboard for **operations teams** to manage payouts and disputes using **React** and **Node.js**, **reducing manual turnaround time**.

Designed and **implemented REST APIs** with validation, pagination, and role-based access; **improved query performance** through indexing.

Created structured logs and metrics, establishing alerts to **detect failures early** in production.

Collaborated with product and QA teams to **achieve weekly releases** with minimal regressions.

Technologies / Skills Used : React, Node.js, Tailwind CSS, Express

Web Developer | Part-time

2025 - 2025

Digital India

On-site • kolkata

Managed the company's website by maintaining **backend operations**, updating content, managing **databases**, and troubleshooting technical issues to ensure optimal **website performance**. Collaborated with team members to implement updates and enhance functionality.

Technologies / Skills Used : React, Tailwind CSS

PROJECTS

Ai Resume Analyzer

2026 - 2026

Fullstack Developer, Database

AI Career Copilot | Python, Flask, Google Gemini AI, SQLAlchemy, HTML, CSS, JavaScript

- **Developed** an AI-driven web application for **resume analysis** and personalized career guidance utilizing **Google Gemini AI**.
- **Implemented** secure user authentication, PDF/DOCX resume upload, and database management with **Flask** and **SQLAlchemy**.
- **Created** ATS-friendly resume evaluation, skill gap analysis, and tailored career recommendations via an interactive dashboard.
- **Designed** a responsive, user-centric interface using **HTML**, **CSS**, and **JavaScript** to enhance user experience.

Online Examination System | 🐙 Github

2024 - 2025

Backend Developer, Database Management

- **Backend Developer** and **Database Manager** for the **Online Examination System**.
- Developed a secure backend using **PHP** and **MySQL**; designed and managed the database schema.
- Implemented **user authentication**, exam management, result processing, and feedback modules.
- Optimized database queries to enhance data storage and retrieval efficiency, ensuring **data integrity** and **application performance**.

Technologies / Tools Used : React, MongoDB, Tailwind CSS

SKILLS

Programming Languages :	C, C++, Java, Python, JavaScript, SQL
Frameworks & Libraries :	React, FastAPI, Spring Boot, Express, Node.js, Flask, ASP.NET
Tools & Platforms :	GitHub, GitLab, GitHub Actions, Linux, Git
Databases :	MySQL, MongoDB, Firebase, SQLite
Soft Skills :	Communication, Teamwork, Problem Solving, Time Management
Languages :	English, Hindi

EDUCATION

The Burdwan University Burdwan	2022 - 2025
BCa	CGPA : 6

- Completed multiple academic projects during BCA at **The University of Burdwan**, including:
- Online Examination System**
- Face Recognition Attendance System**
- Third Eye AI Monitoring System**

These projects enhanced my skills in **full-stack web development, Python programming, database management, computer vision, and artificial intelligence**. I am dedicated to leveraging technology to solve real-world problems and committed to continuous learning of new tools and frameworks.

Techno India University kolkata	Sep 2025 - Sep 2027
MCA	CGPA : 8.44

Pursuing a **Master of Computer Applications (MCA)** with a strong foundation in **software development, web technologies, databases, and artificial intelligence**. Passionate about developing innovative applications, solving real-world problems, and enhancing technical skills through practical projects and hands-on learning.
